He did tell me! Now you can enjoy the rest of your trip and know that's over. And we will help you with the garage when you are back.

Not that I know of but she's been going out there riding for quite some time. I'm pretty sure she doesn't and it's just free horseback riding for them.

	Got it. I will text him tomorrow. I'd bet a million it went from Shane to to I saw a social media post of Shane's wife and daughter at Two Bear horse therapy so they are undoubtedly communicating.

<p>Are you going to give me a break and take a deep breath and let Shane go on this trip Friday? I'd offer you a year of free golf but that might be bribery. If you let him go that's going to help the overall cause.</p>

I don't plan on telling him unless I am instructed to by City Mgr and Attorney. If you look at the statute 2-2-104. We will have to show that he didn't do his job because of the things  has done for him. Preponderance would be sufficient. By PIST Arm's he cannot accept gifts. Need to take our time and not fuck this up. Thanks for having confidence in  and me.

It just dawned on me if you spill the beans to Shane before the hunting trip he won't go. For what it's worth I'd slow roll it a bit and not do anything to spook him before the trip. If you are just trying to unscrew Shane and not send the grim reaper for him I have an idea. It's just how I would handle him and of course my opinion means nothing in this scenario because it's your world and I'm just living in it. It really comes down to what you guys want to do for an end result.

Why don't and I come over to your place tomorrow I'd like both him and me to be there and we can discuss it and look at your timeline. I'm going 2 work for another couple hours and then I'mma sit down and drink several cold beers.
